EGG WALL LIGHT

The articulated wall light designed with a large carbon filament bulb is a playful design inspired by mid century modern and industrial 20th Century design. As inspiration Cox London site the utile yet beautiful work of Jean Prouvet and Pierre Chareau among others.

W 120mm (4.72") x H 260mm (10.24") x D 270mm (10.63")

We recommend that this light be used in conjunction with a dimmer system and low wattage bulbs (25 watt) for best atmospheric lighting range.
