## SCALLOP SHELL WALL LIGHT

A sculptural shell uplighter, inspired by French mid 20th century artist Serge Roche.  
Cast in Herculite a durable plaster with an atmospheric patina. The light source, hidden  
in the well of the scroll, omits a highly desirable light, illuminating the scalloped back.

W580mm x H390mm x D130mm (W22.5" x H15.3" x D5.1")

Wired: Each wall light wired a single lamp holder.

Finish: Atmospheric grey stone wash on Herculite
