NEO CLASSICAL WARM BRONZE

A handsome "Neo-Classical Wall Light" of bold design, expertly cast in bronze by our London Atelier. Each hand blown shade, can be electrified with a French candle or made to accommodate a real wax candle.

The long vertical back-plate and straight sided storm shade compliment narrow spaces such as library pilasters and window piers or flank mirrors and paintings beautifully.

H 530mm (20.87") x W 110mm (4.33") Projection 215mm (8.5")
