THE FOLLY ARMCHAIR

A unique iron-work armchair, hand-forged in our London atelier with rich bronze patina.

Traditionally upholstered with sprung base and feather-filled cushions for great comfort and a relaxed aesthetic.

The artisanal approach to designing follies and grottos can be traced for hundreds of years. With it we associate a broad spectrum of unique and playful interior furnishings, often informed by our natural surroundings. The forged design of our Folly Sofa and Armchair is inspired by such histories. Briar-twig and burr-wood furniture, vermicular rustication and gotto-esque torsion.

Shown here in an oat Linen our Folly armchair can be customised to order and upholstered in COM (customer's own material).

Each piece is unique, celebrating variations in the metalwork, bearing the artisanal hallmark of our makers.

Dimensions: W 1030mm x D 900mm x H 950mm (W 40.5" x D 35" x H37.4")
